Questions and Answers:

Question-

1. Is the section of trail on the provided map that lies on the winter road included in the 8 miles to be re-cleared?

Answer-

No, see the new map attached. That acreage has been reallocated.

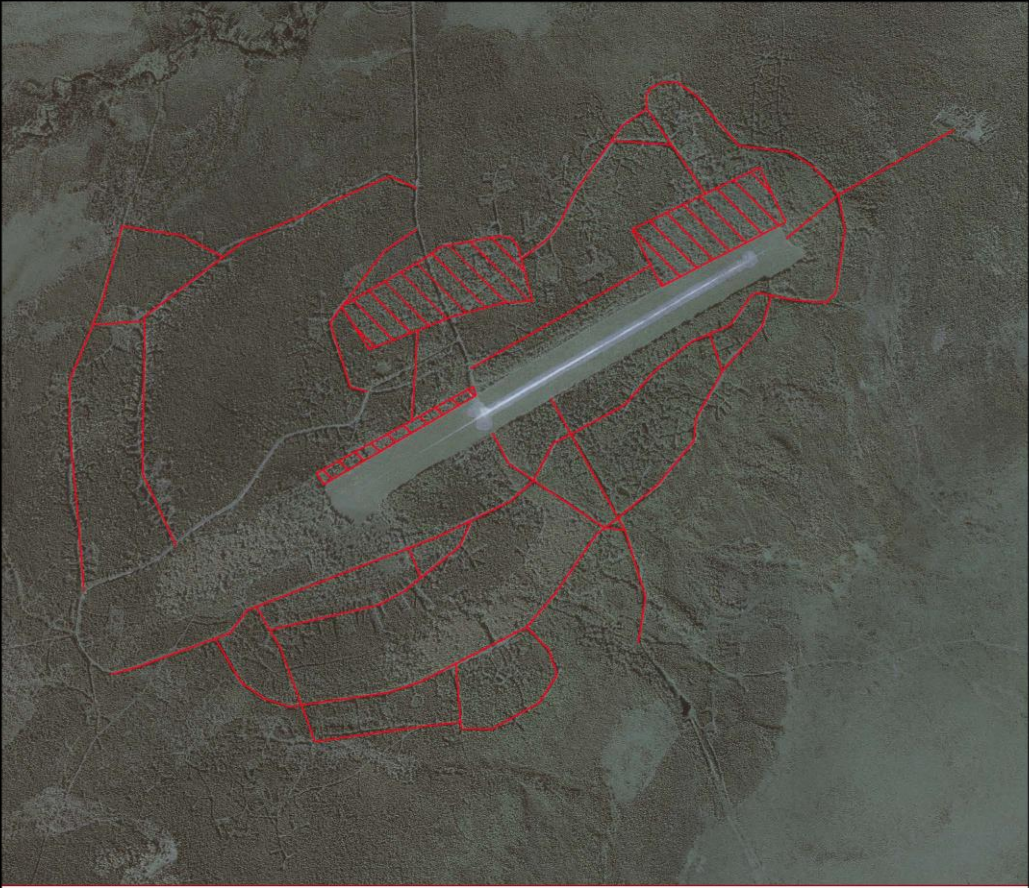

Question-

2. Do the trail clearings follow the centerline of the pre-existing trails?

Answer-

- Not always, in some areas we are attempting to straighten the trail or improve the turning radii, but the existing trail width is always incorporated into the 24' width of clearing.
