Project # 19-3-14
YTA WILDFIRE FUEL REDUCTION

1. Question:

According to the project map, there is a total of 3 miles of 100' wide clearing and 2.3 miles of 16' wide clearing. Those sections calculate to be 36.36 acres and 4.46 acres respectively for a total of 40.82 acres but the specifications state a total of 82 acres. Which quantity is the contractor supposed to clear?

Answer:

Updated Maps and Proposal sheets are attached in 19-3-14 YTA Wildfire Fuel Reduction RFP, Addendum #1, on the salchadeltaswcd.org/contractors-portal/
